

1

Policy Number: 9407 Post-Season Team Celebration Allocation.

Issued: **Revised:** 6/8/98

PURPOSE:

To provide all non-intramural teams the financial means to celebrate the completion of their season, regardless of record or league standing.

BACKGROUND:

The organization's non-intramural teams are entitled to an allotment of budgeted money to celebrate the conclusion of their season (Spring and Fall). The allotment sum per team will be approved annually by the membership as part of the fiscal budget procedure. The expenditure of money is left to the discretion of the team and its coach. However, the expenditure of moneys must be legal and promote the development and well-being of the players. The Board reserves the right to a final decision on the well-being of its players.

Allotments shall be disbursed after satisfactorily completing the team's return of equipment, uniforms and related material, as required, to the Association's inventory.

Teams that do not conduct a post-season celebration are required to return their allotment back to the Association.
