

**Policy Number:** 9405 General Meeting Attendance of Non-Intramural Teams

Issued:07/08/92

Revised: May 2005

**PURPOSE:**

To insure every non-intramural team is represented at monthly general membership meetings to interact and participate in the organizations' policies, benefits, and decision making.

**BACKGROUND:**

As an incentive to general membership meeting attendance, two-thirds of the allocated post season team party money will be guaranteed to all non-intramural teams participating that season. One-fourth of the remaining allocation will be credited to the team for each general meeting attended by one of the team's coaches or another valid representative of the team. A valid representative is one who has a child playing on the team he/she represents. A team representative must attend all 4 meetings per season to receive full party money allocation.

The organization's secretary shall maintain a permanent, accurate accounting of team representation at general membership meetings. The Board reserves the right to waive or modify the non-guaranteed portion of the allocation to any and all teams it elects.

The term "season" shall be defined in the Association's policy 9404, "Delimiting Soccer Seasons."
